As Phase-I of the National Rurban Mission is progressing and integrated Cluster Action Plans are being formulated by your State for 5 Rurban clusters, we are pleased to inform you that the allocation of clusters under Phase II has been approved by the Ministry. Rajasthan has been allocated 6 additional clusters (3 tribal and 3 non-tribal clusters) under Phase II of NRuM.

In this regard, it is requested that:

1. The 6 clusters allocated under Phase-II, be selected within the sub district list circulated by the Ministry, following the methodology suggested in the ‘Framework of Implementation’ of the Mission. These clusters so identified should be approved by State Level Empowered Committee (GLEC) and submitted in ‘Annexure 2’ format attached with the Framework of Implementation.

2. It is further requested to expedite the process of ICAP preparation and submission for the 5 clusters identified under Phase-I.

3. Under NRuM, the State of Rajasthan now has 11 clusters and hence the setting up of the State Institution frameworks becomes very pertinent. Hence it is requested the setting up of the SPMU, DPMU/CDMU be expedited to ensure smooth implementation of this Mission in your State.

Yours Sincerely

Shri. Rajeev S. Thakur, I.A.S
