D.O.No. J-12011/02/2018-Rurban  
8th June 2018

Dear Sir / Madam,

As you are aware, Shyama Prasad Mukherji Rurban Mission (SPMRM) was launched with scientifically laid out principles of policy and programme implementation, designed to deliver catalytic interventions to rural areas, which are on the threshold of growth. The Mission aims at plugging the critical gaps in basic, social, economic and digital amenities in identified clusters.

2. To achieve the target of the Mission in stipulated time period, the States have to give priority to the following points:

   (i) States that have received Administrative funds under Rurban Mission and not submitted Integrated Cluster Action Plans (ICAPs) are requested to submit the same to the Ministry at the earliest.

   (ii) States whose ICAPs have been approved by Empowered Committee need to submit DPRs with 60% Utilization Certificates (UCs) through EAT module for release of second Instalment.

3. Secretary (Rural Development) has already written to you on 6th June, 2018 requesting you to provide the current status of the 300 RURBAN Clusters through a 2 page note on the current status capturing the baseline, the interventions made, the physical and financial progress, and the outcomes achieved by 13th June, 2018 (copy enclosed).

4. I request your personal intervention for issuing instructions to the concerned officials to provide the updated information in the attached format and the note as communicated by the Secretary within time frame and expedite the progress of ICAPs and Detailed Project Reports (DPRs) in your State.

With regards,

Yours sincerely,

(Aparajita Sarangi)

Enclosures: As above.

Subject: Urgent 2 Page Updates on Progress under each of the RURBAN Clusters and SAGY Gram Panchayats

Dear Principal Secretary,

As you are aware, in partnership with States, the Central Government has been working on Sustainable Development of 300 RURBAN Clusters in the country. Work has also been undertaken under the guidance of the Hon’ble Members of Parliament in the Sansad Adarsh Gram Yojana (SAGY) in selected nearly 1500 Villages/Gram Panchayats. The Sansad Adarsh Gram Yojana Programme has the saanjhi.gov.in web portal where the Charge Officer at the District level is expected to update reports on a regular basis. Unfortunately the reporting has not been up-to-date. As a consequence the current development status of the SAGY Gram Panchayats does not fully reflect on the saanjhi.gov.in website.

2. Likewise, under the RURBAN Cluster, States have prepared detailed Integrated Cluster Action Plans (ICAPs) with partnership of State Technical Agencies. These ICAPs clearly identified the gaps and also suggested the interventions required to attain urban like facilities and services in rural areas. The Interventions under the RURBAN Mission are both through convergence and through an additional critical gap funding of Rs. 30 crore in non-tribal clusters and Rs. 15 crore in tribal clusters. Many States have made good progress through convergence and through the utilization of critical gap funding released by the Central Government along with the State share.

3. We would like to know the current status of the 300 RURBAN Clusters and nearly 1500 SAGY Villages/Gram Panchayats through a 2 page note on the current status capturing the baseline, the interventions made, the physical and financial progress, and the outcomes achieved. I would request you to provide this through a DO letter addressed to the undersigned (secyrd@nic.in) within 7 days for each of the 1800 Clusters listed above. This will enable us to take a proper stock taking of progress, achievements and what remains to be done. I would expect the responses of each State latest by June 13, 2018.

4. May kindly treat this as most urgent.

with best wishes,

Yours sincerely,

[Amarjeet Sinha]
